

Our Area

With majestic mountains and clear lochs, we can lay claim to some spectacular Scottish scenery and we recommend that you are never without your camera.

Located between the fishing town of Oban and the Highland town of Fort William, there will be plenty of activities and places to visit to suit all tastes.

For the more energetic, the area (known as the outdoor capital of the UK), has an enviable reputation for outdoor pursuits.

With numerous forestry trails to walk and Munro's to bag, there's also Cycling (both road and unrivalled Mountain biking), Climbing, Sailing, Diving, Canoeing, Shooting, Skiing and of course the more traditional and leisurely Golfing, Horse riding and Fishing.

For the more leisurely, we suggest a visit to Cuil Bay. Alternatively, why not plan a visit to the Islands of Mull, Iona, and Staffa, all within easy reach of the park.

A day trip to the Isle of Skye will certainly make for a memorable visit.

How to find us:

Approaching on the A82, take the A828 at the Ballachulish bridge roundabout for 5 Miles. At the village of Duror, the site is on the left. Watch for the sign.

Approaching from Oban, take the A828 over Connel Bridge for 20 miles. At the village of Duror, the site is on the right. Watch for the sign.
